RINGFENCE · DEMO VIDEO · STORYBOARD V1 · 3:00

Before, demo, after

BEFORE · 0:00–1:00

ACT 1 · 0:00

Payday

Rina pushes cash through her laptop. It flies out to members.

WARM

ACT 2 · 0:20

The disguise

Masked robots slip into the queue. The checker ticks them OK.

NEUTRAL

ACT 3 · 0:40

The leak

Spend climbs, members don't. Rina realises she's paying for fake growth.

DIM

DEMO · 1:00–2:00

ACT 4 · 1:00 · 60 SECONDS

Demo: Ringfence on the payout rail

Real screen recording inside a drawn laptop. Load the run → see the ring → read the evidence → pay 387, hold 25 → release one → the new rule.

6 BEATS · RING REVEAL IS THE PEAK

AFTER · 2:00–3:00

ACT 5 · 2:00

Payday, fixed

Cash reaches real members only. Masks fall, the operator gives up.

BRIGHT

ACT 6 · 2:30

Metrics move

Spend tracks real growth. Mug upright.

ACT 7 · 2:45

End card

Logo, tagline, team.

THE STORY IN ONE BREATH

Rina pays real people. A robber sneaks masked robots into the queue. Her spend climbs but nothing grows. Ringfence sees the ring. Real members get paid, farming stops paying.

CALLBACKS THAT TIE IT TOGETHER

Cash through the screen (Acts 1, 3, 5). The metrics dashboard (Acts 3, 6). The mug: spilled in Act 3, upright in Act 6. Masks on (Act 2), masks off (Act 5).

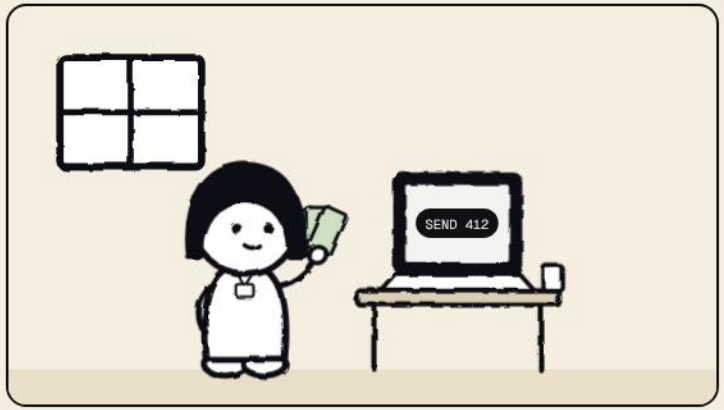

TO CONFIRM BEFORE PRODUCTION

25 held vs 23 in R-12. Act 3 and Act 6 metric values (shown as placeholders). Demo numbers against the live build. 3:00 limit.

BEFORE · ACT 1 · 0:00–0:20 · WARM

Payday

Goal: show what normal looks like. Real people, real rewards, money going out every Monday.

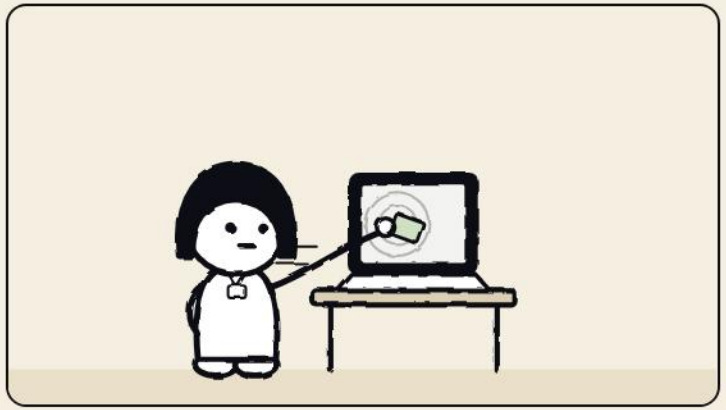

F1 · 0:00–0:06 · WIDE

Cozy office, morning light. Rina at her desk with a fan of cash; the laptop shows SEND 412.

VO: "Every Monday, Rina pays out referral rewards."

SFX: birdsong, paper rustle · Music: soft, warm start

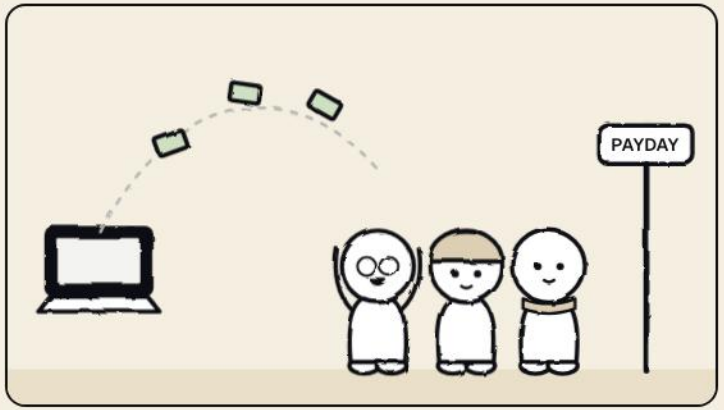

F2 · 0:06–0:14 · MEDIUM

She presses SEND by pushing the cash straight into the screen. The screen ripples like water and swallows it.

VO: "This week, 412 of them."

SFX: soft "bloop", water ripple

F3 · 0:14–0:20 · WIDE, PAN RIGHT

Notes arc out of the laptop and land with members queuing at the PAYDAY sign. They cheer.

VO: "Real people, rewarded for bringing their friends."

SFX: whoosh, soft "ding" per catch

ACT 1 · SCENE 1B · 0:08–0:20

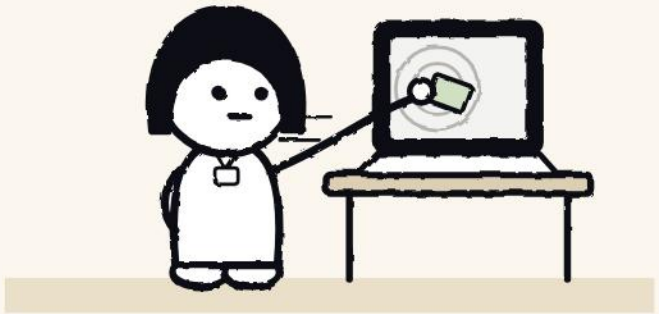

Sending payday

BEAT 1 · READY

Rina holds up this week's cash. The laptop shows the payout run: 412 rewards to send.

SFX: paper rustle

BEAT 2 · THROUGH THE SCREEN

She reaches out and pushes the cash into the laptop. The screen ripples like water and swallows it.

SFX: soft "bloop", water ripple

BEAT 3 · SENT

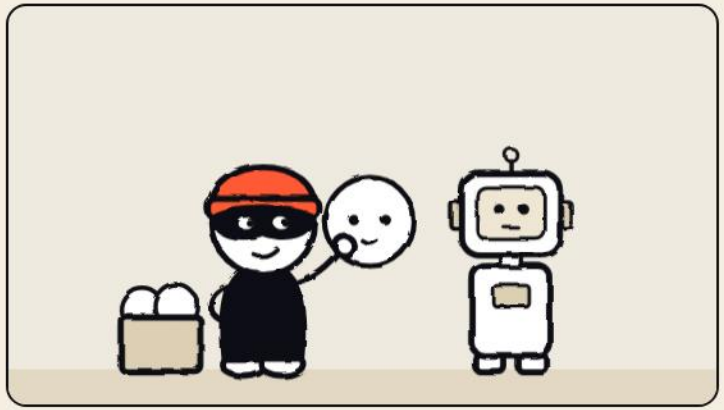

The notes fly out of the top of the screen in an arc to members waiting in the queue. Rina smiles: payday is out.

SFX: whoosh, then a soft "ding" per catch

BEFORE · ACT 2 · 0:20–0:40 · NEUTRAL

The disguise

Goal: show how fake accounts get through. Each one passes alone; only the group gives them away.

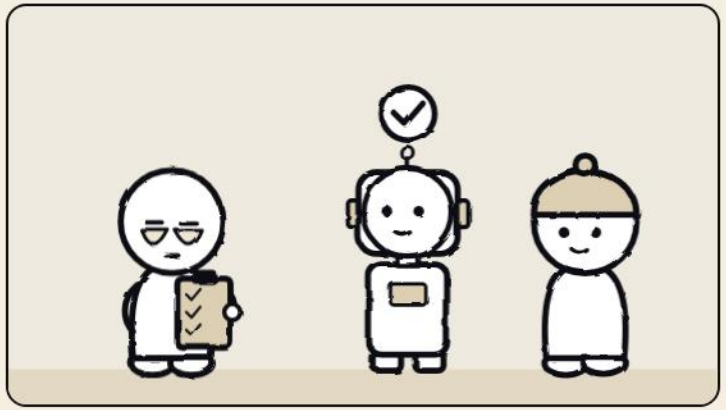

F1 · 0:20–0:28 · CUT TO BEHIND THE FENCE

The operator pulls a smiling human face from a crate and snaps it onto a robot. He does it again, and again.

VO: "But not everyone in the queue is real."

SFX: rubbery snap ×3 · Music: drops to a sneaky pizzicato

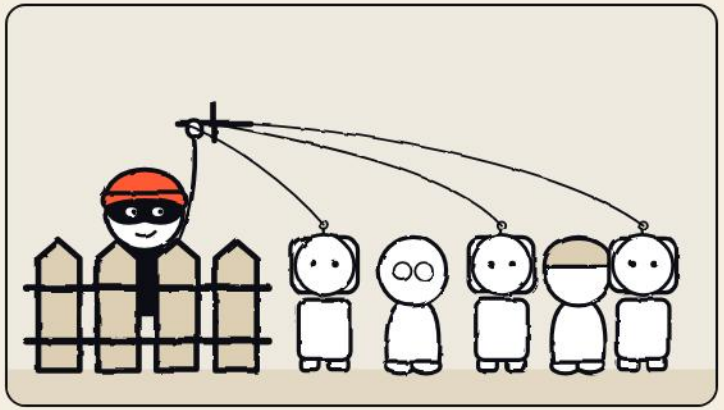

F2 · 0:28–0:34 · MEDIUM

At the front of the queue, the checker peers over his glasses at one face at a time. Masked robot: tick. Real member: tick.

VO: "Checked one at a time, every account looks fine."

SFX: pen tick, tick, tick

F3 · 0:34–0:40 · SLOW PULL-BACK

The camera pulls back. Thin strings appear on the masked faces, all running back over the fence to one operator.

VO: "An AI can pass as one person. Not as twenty."

SFX: taut string "twang" · Music: one held low note

ACT 2 · SCENE 2A · 0:20–0:32

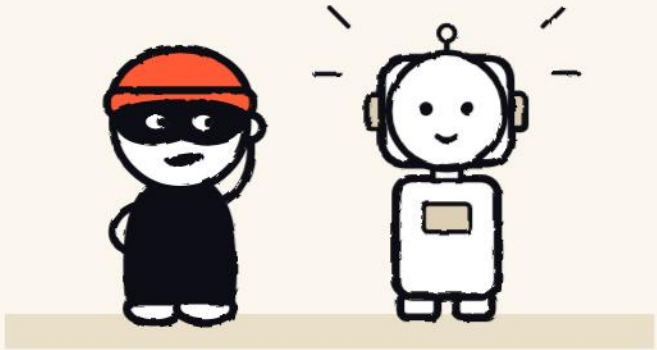

The disguise

BEAT 1 · THE WORKSHOP

Behind the fence, the operator pulls a smiling human face from a crate full of them and holds it up to a bare robot.

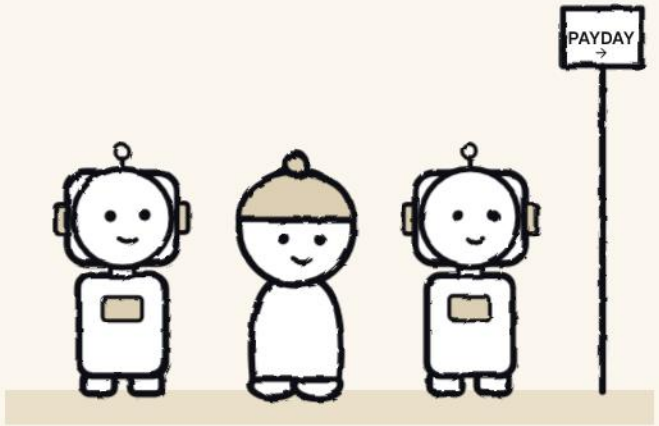

SFX: crate creak, rubbery stretch

BEAT 2 · SNAP

The mask snaps on. The robot now wears a member's face; only the box corners and antenna poke out. The operator gives a proud thumbs-up.

SFX: soft snap, sparkle

BEAT 3 · INTO THE QUEUE

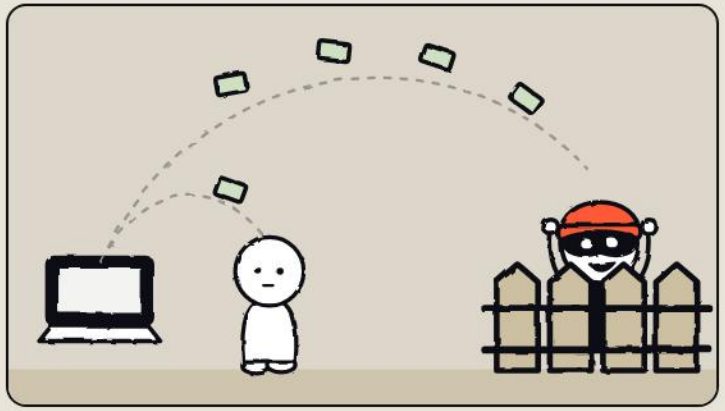

Masked robots walk off to join the payday queue beside a real member. Front-on, they look the same. The checker ticks them all OK.

VO: "An AI can pass as one person. Not as twenty."

BEFORE · ACT 3 · 0:40–1:00 · DIM

The leak

Goal: make the cost felt. Rina is spending more on rewards every week, but her growth numbers don't move.

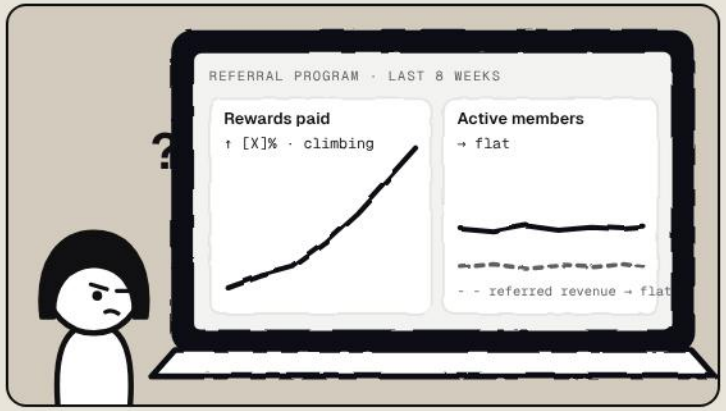

F1 · 0:40–0:46 · WIDE

Same send as Act 1, but now most of the cash curves away over the fence and into the operator's hands. One lone note reaches a real member.

VO: "Every week, more of the money goes over the fence."

SFX: whoosh bends away · Music: colours drain, tempo slows

F2 · 0:46–0:54 · OVER-THE-SHOULDER

Rina checks her growth dashboard. Rewards paid keeps climbing; active members and referred revenue sit flat. She squints, puzzled.

VO: "Rewards spend keeps climbing. Active members don't move."

SFX: chart "tick" as each week draws · Music: near silence

F3 · 0:54–1:00 · PUSH IN ON RINA

It clicks. Her arms fly up, the mug tips and coffee spills. The scene dims to its darkest, then fades as she opens a new tab.

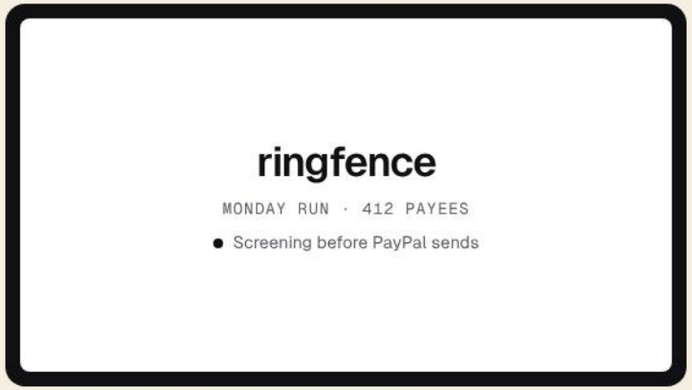

VO: "She's paying for growth that isn't there. And once a payout is sent, it's gone."

SFX: mug clatter, spill · Transition: fade to her laptop screen

DEMO · ACT 4 · 1:00–2:00 · 60 SECONDS

Ringfence on the payout rail

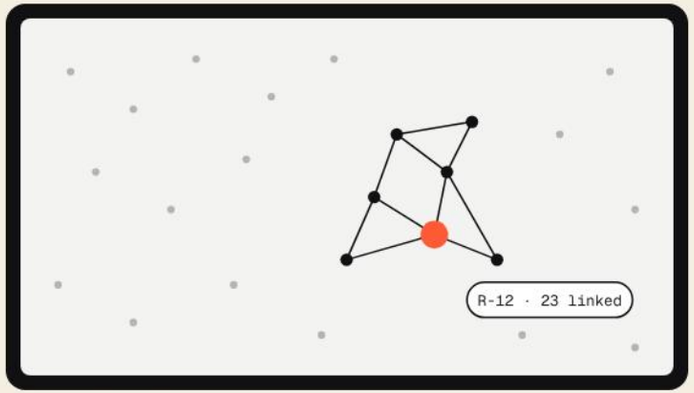

Real screen recording of the build, inside Rina's hand-drawn laptop. Frames below are layout sketches; numbers come from the seeded demo run and need checking against the build.

D1 · 1:00–1:08 · PUSH INTO LAPTOP

From Rina's dim desk, the camera dives into her screen. Ringfence loads this Monday's payout list.

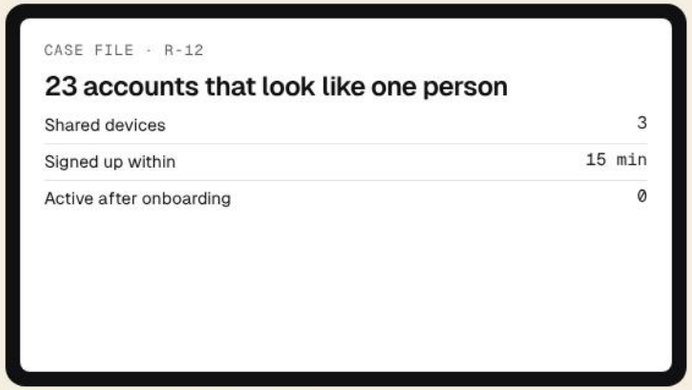

VO: "So Rina puts one checkpoint on the payout rail, right before PayPal sends the money."

D2 · 1:08–1:20 · THE PEAK

412 grey dots. Lines draw themselves between 23 of them and meet at one coral spark. The pill appears.

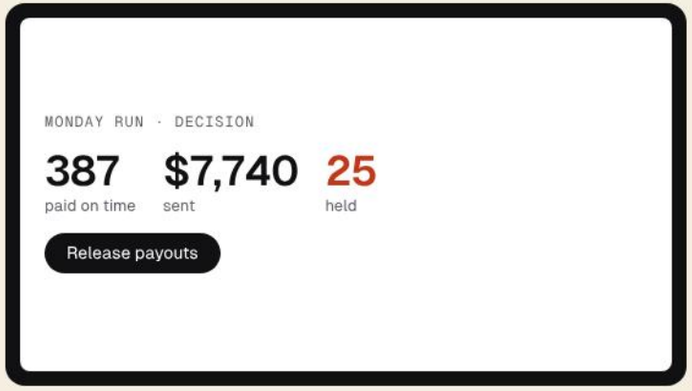

VO: "It looks at everyone on the list together, and the pattern appears."

D3 · 1:20–1:32 · EVIDENCE

Rina clicks the ring. The case file lists what ties the accounts together, in plain numbers.

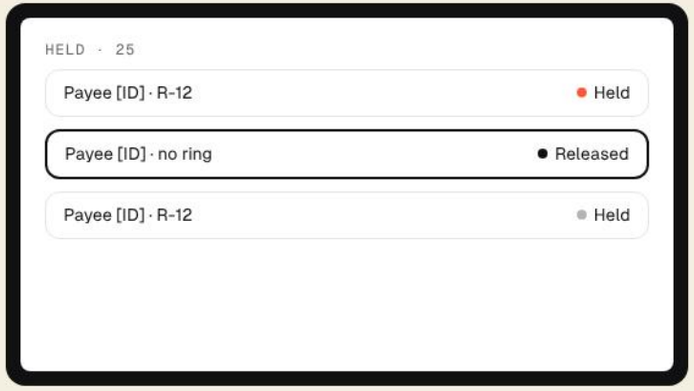

VO: "Ring R-12. 23 accounts, 3 devices, all signed up within 15 minutes."

D4 · 1:32–1:42 · PAY THE REAL ONES

The stat row counts up. She clicks Release payouts; 387 go to PayPal on schedule.

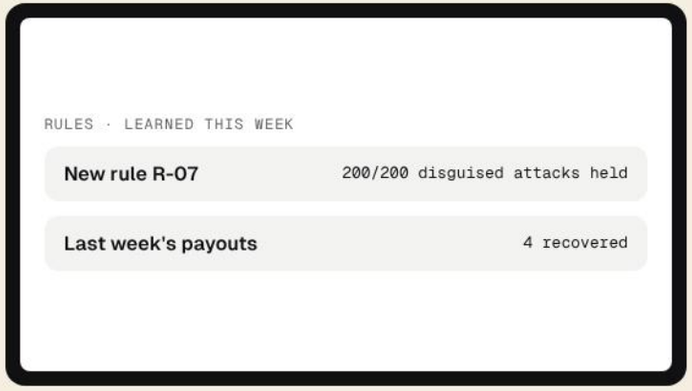

VO: "Everyone else is paid on time. The ring is held, not banned."

D5 · 1:42–1:50 · FAIRNESS

In the held list, one payee isn't in a ring. Rina releases them with one click.

VO: "Held by mistake? Release it in one click."

D6 · 1:50–2:00 · LEARNS · PULL OUT

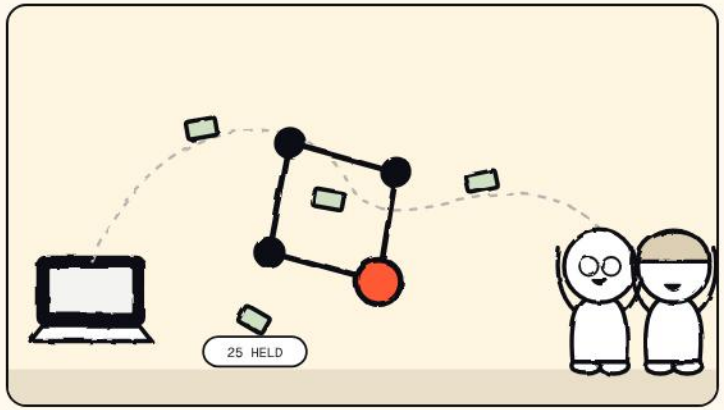

The ring becomes a rule, tested against 200 disguised attacks. Camera pulls back out of the laptop into the drawn world.

VO: "And every ring it finds becomes a rule for next week."

AFTER · ACT 5 · 2:00–2:30 · BRIGHT

Payday, fixed

Goal: replay Act 1 with Ringfence in place. Same send, but the money only reaches real people, and the disguise falls apart.

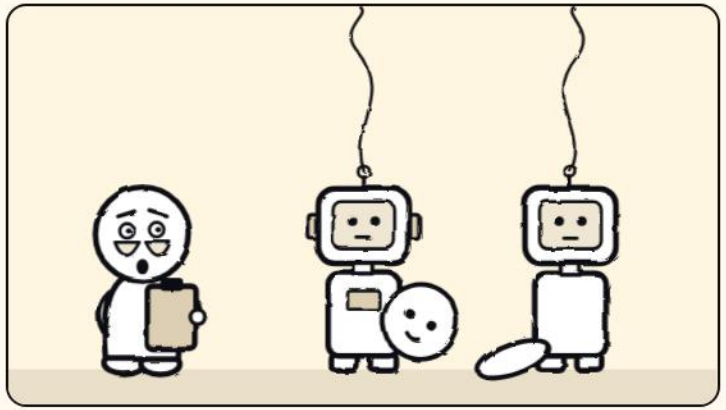

F1 · 2:00–2:10 · WIDE, MIRRORS ACT 1

Rina sends again. The cash flies through a floating Ringfence gate (the four-node mark). Real members catch theirs; notes meant for the ring drop out of the stream and wait in a small "held" pile.

VO: "This Monday, the money only reaches real members."

SFX: whoosh, "ding" per catch, soft thud for held notes · Music: bright theme returns

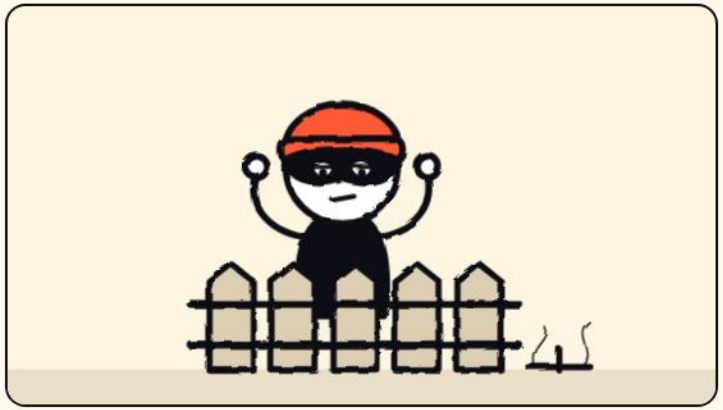

F2 · 2:10–2:20 · MEDIUM

In the queue, the strings go slack. The human masks slip off and clatter to the floor, revealing the robots. The checker's eyebrows shoot up over his glasses.

VO: "The disguise only worked one account at a time."

SFX: string "boing", plastic clatter ×2

F3 · 2:20–2:30 · BEHIND THE FENCE

The operator looks at his empty hands, drops the puppet control, shrugs and sinks out of sight behind the fence.

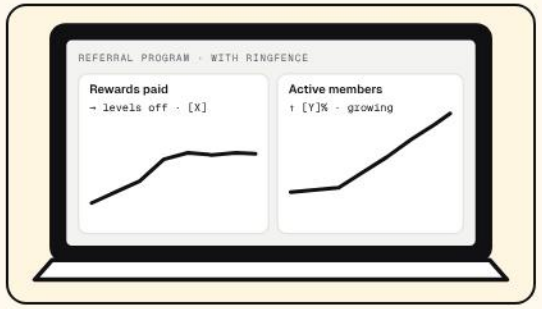

VO: "Farming stops paying."

SFX: wooden clunk, sad trombone "wah" (subtle)

AFTER · ACT 6 · 2:30–2:45 · ACT 7 · 2:45–3:00

Metrics move, end card

Goal: close the loop on Act 3's dashboard and the spilled mug, then land the brand.

ACT 6 · F1 · 2:30–2:38

Same dashboard as Act 3, weeks later. Rewards spend levels off; active members start climbing.

VO: "Now every reward goes to someone real."

Values are placeholders: confirm before use.

ACT 6 · F2 · 2:38–2:45

Rina leans back and sips her coffee. The mug stays upright. Warmest light of the film.

VO: "Pay the real ones. Hold the ring."

SFX: contented sip · Music: swells

ACT 7 · F1 · 2:45–2:53

Cut to ink. Four dots drift in, lines snap them into the mark, the wordmark and tagline fade up.

VO: "Ringfence. Ready for the fake-account era."

SFX: four soft "plinks", one chime

ACT 7 · F2 · 2:53–3:00

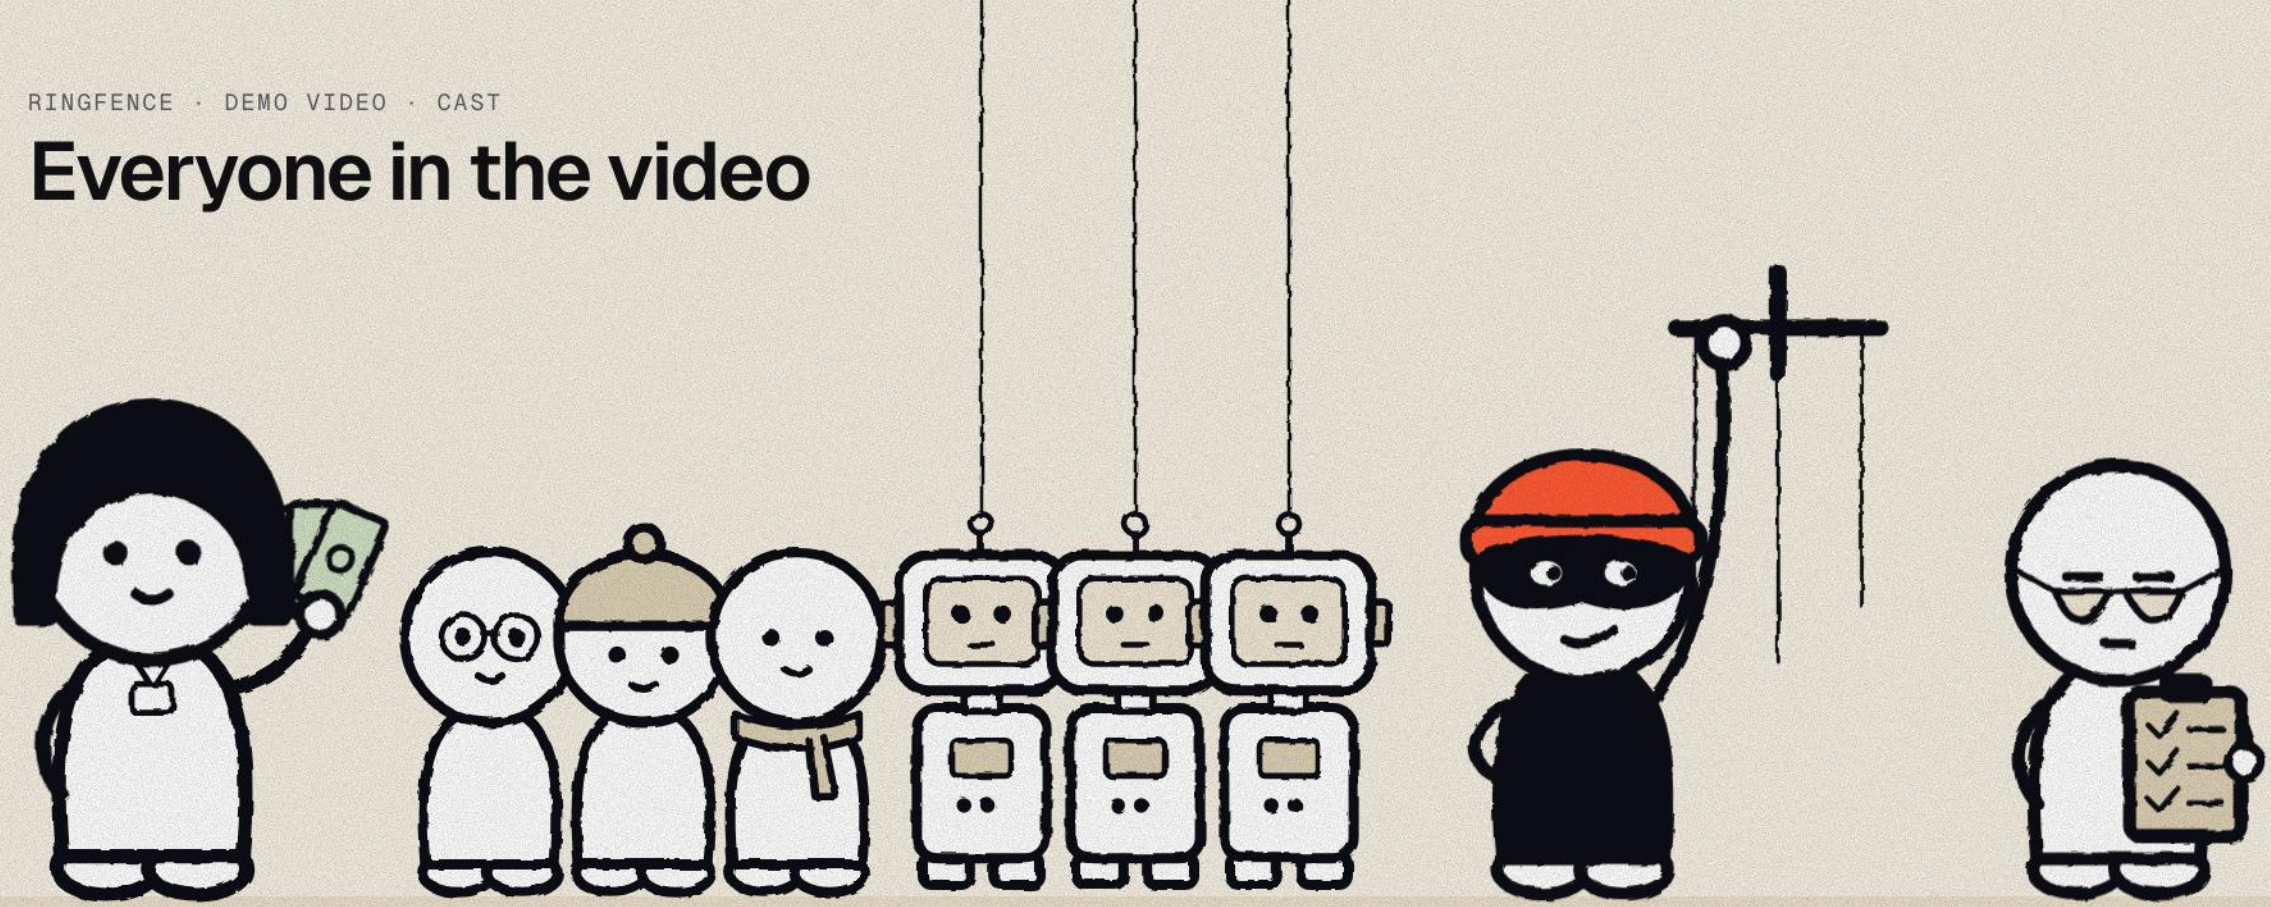

Credits in plain text, in our own type. No PayPal logo or colours, per the partner rules.

No VO. Music resolves.

Fill team name and links.

RINGFENCE · DEMO VIDEO · CAST

Everyone in the video

01 · LEAD

Rina

Growth lead who runs the Monday payout. Black bob, staff lanyard, a fan of payout cash in hand (her coffee is never far). Calm and careful.

ACTS 1, 3, 4, 5

02 · CROWD

Real members

People earning referral rewards. Each has one small personal touch (glasses, beanie, scarf), so they read as individuals.

387 OF THEM · ACTS 1, 2, 5

03 · CROWD

Fake accounts

Identical bot-made robots, one per fake account, all off the same mould. The string on each antenna stays invisible until the Act 2 reveal.

23 IN RING R-12 · ACTS 2-5

04 · THE SPARK

The operator

A cat burglar in black working 23 accounts with a puppet control. His beanie is the only coral thing in the video. Smug until Act 4.

ACTS 2, 3, 4, 5

05 · OLD WAY

The checker

Today's one-at-a-time check. Peers over half-moon glasses and ticks every row on his clipboard. Not a villain: he just can't see the pattern.

ACT 2

Key poses and expressions

ACT 1 · RINA · CALM

Monday morning. Payout run ready, coffee within reach.

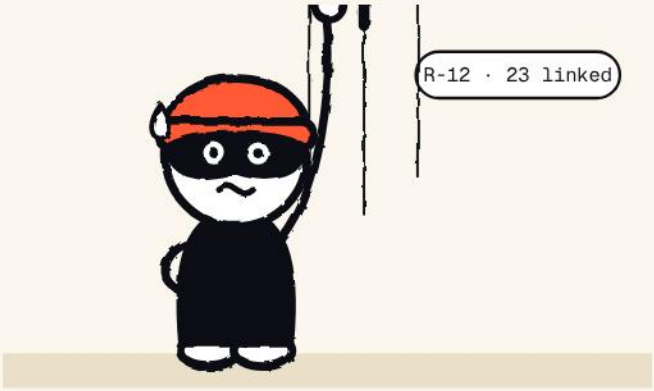

ACT 3 · RINA · THE LOSS

Last week's rewards are gone. The mug tips over. Scene dims.

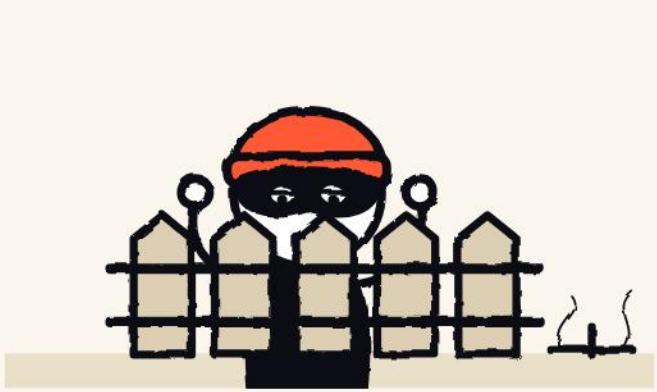

ACT 5 · RINA · RELIEVED

387 paid on time. She sips, and this time the mug stays upright.

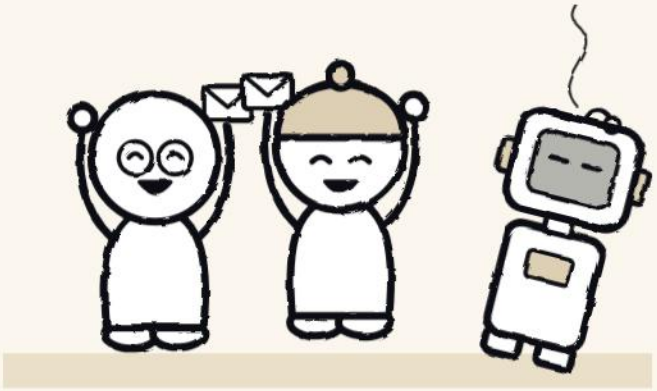

ACT 4 · OPERATOR · CAUGHT

Ringfence draws the lines and all 23 strings lead back to him.

ACT 5 · OPERATOR · GIVES UP

Farming stops paying. He drops the control and sinks behind the fence.

ACT 5 · MEMBERS AND ROBOTS

Real members cheer with their payouts. The robots power down when the string drops.

RINGFENCE · DEMO VIDEO · STYLE

Grainy Ink: cozy, calm, one spark

The warm, hand-drawn feel of the reference clip, recoloured in Ringfence's palette. We borrow the style only; every character is our own.

01 · LINE

Thick ink outlines

7 px ink strokes with round ends and a slight hand-drawn wobble. Flat fills, no shading, no gradients. Bean-shaped bodies, dot eyes, a tiny mouth.

02 · TEXTURE

Paper grain everywhere

Fine grain over every frame, like the fuzzy armchair in the reference. That grain makes flat shapes feel warm and handmade.

03 · MOTION

Slow and calm

Idle breathing, blinks, soft pans and eases. No shakes, sirens or red flashes: a calm analyst, not a security alarm.

04 · PALETTE · CORAL IS ONLY EVER THE OPERATOR

Warm paper	Sand	Fence oak	White	Night ink	Coffee	Cash	Spark
#F5EFE2 · walls	#EADFC9 · floor	#DCCFB4 · props	#FFFFFF · people	#111114 · lines	#5A3E2B · Act 3 spill	#CFE0C3 · payouts	#FF5A36 · operator only

05 · MOOD GRADING

Warm in Act 1, dim and cool for the loss in Act 3, warming back up once Ringfence runs.

06 · TYPE ON SCREEN

Geist for subtitles and titles. Geist Mono in white pills for evidence: `R-12 · 23 linked`

07 · DEMO SCENES

The console recording sits inside a hand-drawn laptop frame, so the real UI and the drawn world stay in one style.
